

Molly's Camping Adventure

Molly the Mink was so excited! She was going camping with her friends. It was the month of May, and the days were starting to warm up, making it the perfect time for an outdoor adventure. She packed her bag with a soft sleeping bag, a warm jacket, and a flashlight. She also brought some snacks to share.

"I'm ready for our adventure!" she said as she met Ben the Beaver and Anna the Alpaca at the edge of the forest.

When they arrived at the forest, they looked for a good place to set up their tent. Molly searched and said, "Hmm we need a place with soft grass and a lot of room for the tent."

Ben and Anna looked, but every spot was too rocky or too far from the campfire.

"We need help!" said Molly. "How can we find the perfect spot?"

Then, Molly had an idea. "Let's work together and keep looking! Maybe we can walk further into the forest."

The friends agreed and walked deeper into the woods. Soon, they found a beautiful spot near a big oak tree. The grass was soft, and the campfire would be far enough away from the trees.

"This is the best spot!" said Ben. "Now we can build our tent."

They worked together to set up the tent. Molly held the poles while Ben pushed them into the ground, and Anna put the tent cover on top.

"We did it!" said Molly. "Now we can relax and have fun!"

As the sun began to set, Molly and her friends sat around the campfire. The fire made crackling sounds, and the warm glow lit up their faces.

"Let's roast marshmallows!" said Anna. Molly carefully held a marshmallow on a stick and roasted it over the fire.

"Yum!" she said after taking a big bite.

They talked about all the fun things they wanted to do tomorrow.

"I can't wait to fish in the lake!" said Ben.

"I want to look for flowers!" said Anna.

"Tomorrow, we will explore the forest and look for animals," said Molly.

The next morning, Molly woke up early to the sound of birds singing.

"Good morning, everyone!" she said.

They stretched and got ready for their day of exploring. They went on a nature walk and saw a squirrel, a rabbit, and even a deer! Molly felt happy to be with her friends.

"Camping is so much fun!" she said.

“There’s still so much more we can do,” said Anna.
